Class Descriptions

Foundations of Spiritual Growth

FSG 1 Abiding in Christ

John 15 makes it clear that abiding in Christ is the centerpiece of the Christian life. This class will look to flesh that out, giving students some practical tools for connecting more deeply with Jesus in their personal and devotional lives and encouraging them to put abiding with Christ at the centre of all that they do.

FSG 2 The Father's Heart & Spiritual Sonship

Jesus taught us to pray "Our Father..." and the revelation of God as a loving Father is one that has the power to set our hearts free and change our understanding of life from that of spiritual slaves — always trying to measure up to an angry God — to that of spiritual sonship — that of being men and women who are deeply loved by their heavenly Father. In this class we want to see our hearts set free from the bondages of dead works and come into a deep, heart-level understanding of the Father's love.

FSG 3 Hearing God's Voice

We believe that God still speaks today through His Holy Spirit. This class will help students learn to recognize and discern the leading of the Holy Spirit in their lives, the various ways God speaks, and also develop practices to test what they are hearing with Scripture to prevent the misuses and mistakes that have sometimes happened in this area. This class will take place on Thursday mornings and learning to hear God's voice will be a regular part of what students do at GMDS.

FSG 4 Discipleship: Studies in Matthew

Matthew's gospel has much to tell us about who Jesus is, and what discipleship should look like. From the Sermon on the Mount's description of godly character, to the sending out of messengers in Matthew 9-10, to the Olivet Discourse and the Great Commission, Matthew serves as a Holy-Spirit inspired discipleship manual and for the purpose of this class we will study it specifically from this lens. (This class will take place over two weeks — with 4 total days of teaching).

FSG 5 Encountering the Bridegroom God

Many believers are familiar with the biblical imagery of Jesus as a shepherd, or God as a Father. But the language of "bridegroom" is used throughout the Old and New Testaments to describe Jesus in His relationship to the church. In this class we will go deeper into this reality,

and students will encounter God's heart in a fresh way that will uproot lies and reveal the truth of His goodness.

FSG 6 The Life Of David: Becoming a Man/Woman after God's Own Heart

The fact that God referred to David as "a man after his own heart" is a staggering reality. We know David made some pretty serious mistakes in his life, so what was it that set him apart from his contemporaries? In this class we'll study David's life and a number of his Psalms to see how we, too, can become women and men after His own heart.

FGG 7 The Wilderness: How God Uses Adversity to Build Your Faith

During our journeys with God we will inevitably go through times of testing. Times where things don't make sense, where we face adversity, and where we even wonder if He has left us. But Scripturally, this is the one of the ways that God has grown many people throughout history, be it Joseph, Moses, David, or even many in the early church. This class will help students to prepare for these seasons and also understand what God might doing in the midst of them.

Revival and Intercession

RAI 1 Revival & Intercession

There are real seasons throughout Church history where God has moved in extraordinary ways, transforming cities, regions, and even nations. Today the word "revival" often gets thrown around to describe all sorts of different things, but in this class we'll be exploring not only what historic revival is, but the pathway to it — wholehearted prayer and obedience. We're going to jump deep into the heart values behind intercession (prayer for others) and into the practicals of growing a consistent prayer life.

RAI 2 Revival History

In this class we'll dive deeper into past moves of the Holy Spirit, not to be entertained by them, but to learn, be inspired, and be provoked to see the power of God move through us in our day just as it did through others in the past. In this class we'll be looking at the past with a few towards the future — what might God want to do through us in our church, region, and beyond?

RAI 3 Holy Spirit Week

The Holy Spirit is often the least talked-about member of the Trinity. In this class we want to go deeper in understanding Him as God, as the "indwelling Spirit" who lives inside of us, and in His role as the one who empowers us in the spreading of the Gospel (Acts 1:8).

Foundations of Ministry (6 weeks)

FOM 1 Worship

We were made to worship God — it is the central calling on the life of every believer, to minister to His heart as priests who declare His praises (1 Peter 2:9). We want to be people who love and value Him above all else, understanding that all of life and ministry flows out of our first calling to love and worship Him. This class will help students to grow and develop as life-long worshippers, and will include plenty of time of worship together.

FOM 2 Lifestyle Evangelism

We all know that evangelism is an important part of the Christian life — but how do we walk into it. In this class students will be equipped to share our faith in every day life, to take evangelism from something we merely “do” from time to time to a lifestyle of sharing the hope that we have in Christ.

FOM 3 The Gifts of the Spirit : Healing, prophecy, words of knowledge, etc

There has sometimes been an air of mystery around some of the gifts of the Spirit such as healing, prophecy, words of knowledge, tongues, etc. But the Bible has some very clear and straightforward teaching about them. In this class we will learn about these gifts, explore different ways to grow in and receive them, and then learn how to function in them in a way that builds up the body of Christ.

FOM 4 Biblical Social Justice

It is clear that God cares deeply about the widow, orphan, and the oppressed. Yet there is much of what we see in today’s social justice movement that is not in alignment with Biblical values or truth. This class will explore God’s heart for justice in areas such as human trafficking, Canada’s indigenous peoples, and beyond, rooting students in a thoroughly biblical response to the suffering we see around us.

FOM 5 The Church: Gifts, Serving, Calling

God has instituted the local church as His vehicle to bring His kingdom to earth. So what does it mean to be a part of this church? How do we step into our places of serving, and find our areas of gifting and calling, especially in an age where many think they no longer need to be a part of a church? We will explore these questions and others during this week.

FOM 6 Leadership: Becoming a Person of Influence

Many people would like to be in the role of a leader, but what does it take to actually be one? What are God’s processes for building and developing men and women of character and conviction? This class will take us deeper into what the Bible has to tell us about leadership.

FOM 7 & 8 Outreach Practicum

Once a week, generally Thursday afternoons, we will get out of the classroom and put our faith into practice. This may include prayer walks, service opportunities, street evangelism (including trips to Winnipeg) and other opportunities to love and bless people. Depending on the year this may include a mission trip as well. Students are also strongly encouraged to be involved in service in their local church/community.

Healthy Living (3 weeks)

HL 1 Healthy Relationships 1: Walking in Community

In this class we will dive into the topic of growing healthy relationships. We will specifically address areas of the importance of community and accountability — how to walk in godly

friendships, to live lives of authenticity, and deal with areas of conflict and basic peer counselling.

HL 2 Healthy Relationships 2: Dating, Marriage & Singleness

How do we navigate healthy, biblical dating relationships and marriage? What about God's heart for those who are single? This class will take us deeper into these three areas with biblical teaching and practical applications.

HL 3 Managing Your Life

There are many people who want to follow God more fully, and yet have habits and disciplines (or lack thereof) in their lives that hold them back from doing all that they are called to be. In this class students will learn a biblical approach to managing their finances and time. We will talk about discipline, work, and looking after our mental health as well, using the wisdom that we find in Scripture.

Biblical and Theological Foundations (7 weeks)

BTF 1 Knowing God

A.W. Tozer said "What comes into our minds when we think about God is the most important thing about us." So who is God? And how do we know Him? The knowledge of God is the highest pursuit we can attain to, and in this class want to establish biblical foundations for knowing and seeking God. We will talk about living lives of seeking Him as well as understanding the heart of the gospel message, what Jesus referred to as the "Gospel of the kingdom" (Mt. 24:14).

BTF 2 Bible Overview 1: Old Testament

BTF 3 Bible Overview 2: New Testament

These two classes will provide students with a basic overview of the Old and New Testaments. We will talk about authorship, the dates the books were written, as well as major themes covered in each book. In addition to these classes all students will read through the entire Bible over the course of their year at GMDS.

BTF 4 Studying and Interpreting the Bible

This class will equip students to study and lead studies of the Bible. We will talk about proper methods of interpretation and how to move from observing the text, to interpreting it, to applying it practically to our lives.

BTF 5 Knowing Jesus – Studies in the Gospel of John

The gospel of John gives us many powerful different descriptions of Jesus (including the "I am" statements). We will look primarily at the gospel of John and students will learn how to go deep in these texts, to go from merely making doctrinal statements about Jesus to allowing the Bible to go deep into their hearts, bringing forth a lifestyle of worship and deep spiritual transformation as we gaze on Jesus through Scripture.

BTF 6 Intro to the End Times

In this class students will become familiar with some of the major end time themes of Scripture, with a very practical view towards living their lives now in light of eternity and Jesus' return.

BTF 7 Contemporary Doctrinal Issues

We live in a time where we are seeing the rise of different types of teaching and theology. We see streams that call themselves Christian yet stray drastically from the boundaries of biblical orthodoxy. This class will help to root students in Scripture and build a firm foundation to deal with the challenges we are seeing to basic Christian beliefs.
